

Neuroscience at the Medical University Innsbruck (MUI)

The Division of Neuroanatomy is part of the local [Neuroscience Center](#) (Schwerpunkt Neurowissenschaften, SNI) integrating basic science and clinical neuroscientific research. Lars Klimaschewski is member of the board (headed by Professor Georg Dechant, PhD).

Furthermore, Neuroanatomy PhD students participate in the graduate program in Neuroscience ([SPIN](#)) which was established and funded by the Austrian Science Fund (FWF) in 2007.
